FUNDER STRATEGY	The Feminist Review Trust funds projects that represent the diversity of women's lives globally and support the creativity which with women fight the inequalities they face.
FOCUS AREAS	The Trust Funds organisations that conduct work in the following thematic areas:  Lesbian and transgender rights.  Violence against women and girls.  Disabled women and girls.  Refugee women and girls.
KEY PRIORITIES	The Trust funds projects that are:  Hard to fund projects.  Pump priming activities.  Interventionist projects.  Training and development projects.  One off events.  Dissemination.  Core funding.  Other projects.
NON- NEGOTIABLES	The Trust will <b>not</b> fund the following types of applications:  1. Applications from students to support them on courses of any kind. This includes sub-degree, Bachelors, Masters and Doctorates. Nor will we fund doctoral fieldwork. Very, very exceptionally we might contribute up to £500 to assist a student from a poor country.

	<ol> <li>Applications from academics to fund work which could be funded by more traditional sources of funding. This means that we are very unlikely to fund summer projects for US academics.</li> <li>Where we do fund academics, we will not fund overheads, teaching buy-outs or equivalent.</li> <li>Applications to continue doctoral studies. Post-docs can be funded from more conventional sources.</li> <li>Applications from religious groups.</li> <li>Applications from UK organisations for core funding that has been lost or reduced due to statutory bodies' spending cuts.</li> </ol>
OPPORTUNITIES	Opportunities are regularly listed on the website.
METHOD OF APPLICATION	Application forms can be downloaded from the website and submitted via email to administrator@feminist-review-trust.com
GENERAL OBSERVATIONS	Grants are open for 3 rounds per year where Trustees review applications for funding. Deadlines for the rounds are posted on their website.
